

## MARYLAND ARBORIST DAY EVENT APPLICATION

The Maryland Arborist Association (MAA) is proud of its history in giving back to the Maryland community. Each year the MAA chooses a new site to hold our annual Arborist Day event. This event is centered around volunteer work for a local Maryland community that could use the association's help. The purpose of this event is to provide tree care service to organizations that otherwise could not afford to do so, to preserve the landscape and protect the safety of visitors to the site.

In order to be considered for this event, organizations must complete the following application. Applications will be reviewed by the MAA's Arborist Day Committee and site visits will be conducted to evaluate the need and feasibility for the event. Should you have any questions, please contact MAA's Executive Director, Danielle Farace, [office@mdarborist.com](mailto:office@mdarborist.com), 410-928-4888.
